

Skybox Imaging Inc.
Private Remote Sensing System License Summary of Constellation

On 20 Nov 2013, the Commercial Remote Sensing Regulatory Affairs Office of the National Oceanic and Atmospheric Administration, an agency of the Department of Commerce, granted a license to Skybox Imaging, Inc, a wholly-owned subsidiary of Google Inc. to operate the private, commercial, space-based, remote sensing system named "Constellation".

The Constellation is a set of 24 low-earth orbit, commercial, electro-optical Earth observation satellites, licensed to collect sub-meter resolution panchromatic and multispectral images. The satellites will operate in near-polar, circular, low earth orbits (approximately 500 km).

The Licensee for the Constellation is:

Skybox Imaging, Inc.
1061 Terra Bella Avenue
Mountain View, CA 94043
(650) 316-6660
